Extra Special Kindergarten Thank You

Everyone ~ for the awesome success of our discount card fundraiser!!
Ms. Cori Cole ~ for a cool friendship morning shin-dig.
Mr. James Romine ~ for super heroes -S.S.S. (Secret Student Squad)
Ms. Sue Matz ~ for all your help in math.
Ms. Shae Brown ~ for displaying student work and all your help.
Ms. Crystal Snover ~ for the gigantic globe.
Mr. Jason Ray ~ for fresh green eggs.
Mr. Carter Petty ~ for story time with Dr. Seuss.
Ms. Katy Travitz, Ms. Theresa Pindur, and Ms. Braden Henry.
~ for kicking off P.E.P. (Parent Educator Partnership)
~ and for the delicious pizza!

Please contribute \$3.00 to our spring garden fund this week.
We are planting a spring vegetable and flower garden.

March Discoveries

**Spring * leprechauns * geography * take away (-minus) * 3D shapes * cryptozoology
Songs * theater * reading * writing * reading * writing * reading * theater * songs**

We are deep into cryptozoology. Cryptozoology is the study of creatures (and plants), like Sasquatch, the Loch Ness Monster, and UFOs whose existence has not yet been proven (cryptid meaning "hide"). Your child is making instructional choices, asking questions, doing research, analyzing data, creating projects, and will soon present their discoveries and conclusions. 8th grade Science buddies and 6th grade Language Arts buddies are collaborating on ongoing research and song projects. Ms. Corky is teaching us about totem poles and helping us create 3 dimensional cryptid displays. As tempted as you may be, please encourage your child to form their own opinion on the existence of these creatures (for now), based on their own research. Kindergarten is joining middle schoolers (6-8) for our spring production night this year. This is scheduled for Thursday, April 14th. It is very important that all kindergarten students attend. Please let us know A.S.A.P if your child will not be there.

For March homework, we are asking kindergarten students to create a cryptid costume for production night. Please help your child make their costume. Find things around the house, go to thrift stores, recycle boxes, ???, and have fun.

Please have this completed and turned in to kindergarten no later than Monday, April 4th.

Cryptozoologist, _____, has chosen the _____, for their research project.
